[06/05/2025 – 01/08/2025]

Abegarage Abegarage is a comprehensive online platform designed to streamline garage and automotive service operations. The system allows customers to conveniently place orders and book services online, while also providing powerful tools for managing internal business processes. With features for handling employee information, customer records, service orders, and more, Abegarage helps businesses improve efficiency, organize data, and deliver a smooth customer experience.

[16/02/2025 – 03/03/2025]

Evangadi Forum Evangadi Q&A website is an online platform where users can ask questions, share knowledge, and receive answers from a global community. It provides an organized space for problem-solving, learning, and discussion across a wide range of topics. Users can post questions, contribute answers, upvote helpful responses, and follow subjects or experts that interest them. The platform encourages collaboration, accuracy, and community participation, making it a valuable resource for finding reliable information and connecting with others who share similar interests.
